The Charter School records contributions of cash and other assets when an unconditional promise to give such assets is received from a donor. Contributions are recorded at the fair market value of the assets received and are classified as either with or without donor restrictions, depending on whether the donor has imposed a restriction on the use of such assets.

The Charter School reports gifts of cash or other assets within net assets with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. Contributions not expected to be received within one year are recognized as support with donor restrictions and are discounted using a credit adjusted discount rate assigned in the year the pledge originates.
