### Scenario 5

For the Grades 3-8 ELA and Mathematics Tests, School E is administering computer-based tests for grades 5 & 8 and only offering paper-based tests for the other grades. School E would like to align their testing dates. Can School E use the paper-based testing administration dates and paper-based testing make-up dates for computer-based testing too?

Answer: School E can use the paper-based testing administration dates for their computer-based testing administration dates because the paper-based testing administration dates fall within the computer-based testing administration dates. School E cannot align the make-up dates though as schools are expected to administer make-ups for the computer-based ELA and Mathematics tests up until the end of the computer-based testing administration window which is after the end dates for the make-up windows for schools only offering paper-based tests for the ELA and Mathematics tests.

### Scenario 6

School F has students in a CBT grade that must test on paper per an IEP. Can these students test on the same days as their CBT classmates even if the CBT days are outside the paper-based testing administration dates and make-up dates?

Answer: Yes, schools with students in a CBT grade that must test on paper per an IEP or Section 504 Accommodation Plan, or because they require an alternate language edition of the mathematics or science test should test on the same days as their CBT grade classmates even if the dates are outside the paper-based testing administration dates and make-up dates. The paper-based testing administration dates and make-ups dates are for schools only offering paper tests for a grade level.

### Scenario 7

For their primary administration of the Grades 3–8 ELA and Mathematics Computer-based Tests and the Grades 5 & 8 Science Computer-based Tests, School G would like to administer more than one subject test at a time. May School G
